EXAMINEE INFORMATION

Situation
Pretend that I (the examiner) am your friend, and I have a problem. Try to find out what the problem is and offer me some good advice.

Your Task
Look at the pictures below and ask:
• who the person is
• what the problem is
• what the possible solutions are

When you have all the information you need, you should offer some advice to help solve the problem. You can choose one of the solutions told to you by the examiner or create your own solutions to the problem.

Remember
Use information you learn from asking the examiner questions to explain your ideas.

Who the person is
My 12-year-old daughter/younger sister, Anna.

What the problem is
She is not doing her homework from school.

Possible solutions:
| Give her a reward (tickets) | Give a reward each weekend for having done her homework all week (e.g., tickets to go to a movie, ice cream cone, or other treat within reason!) |
| Punish her (phone with red line) | Do not let her leave the house or play with friends until her homework is finished. |

Elaboration Questions
1. Did you (or your son/daughter or brother/sister) ever not do your homework? Why or why not?
2. What helped to make homework more interesting for you (or him or her)?
3. Were there any subjects which you enjoyed doing homework for more than others?
