**Situation**
I am organizing a training conference for managers of local banks, and I am trying to find the right place to have the conference. Find out what my options are, and then give me advice on where you think the conference should be held.

**First**
You should look at the pictures below and ask:
- What are the options?
- What are the advantages of each option?
- What are the disadvantages of each option?

**Then**
When you have all the information you need, explain which location you have chosen and why. Be ready to explain why you didn’t choose the other location. Remember to use information you learn from asking questions to explain your final choice.

**Finally**
After you have shared your advice, you will be asked more questions about the topic.
